

DOH51919 BEHRP -SFY24 SFY25 - Bathing Beach Monitoring and Notification RFP Inquires
4/19/2023

Please see the questions below and responses in red font.

1. The budget allocation listed in the RFP for Ottawa County is in line with the cost of us conducting the beach monitoring program over the last several years prior to the additional 23 beaches that were added on last year. Please clarify if this is correct? If so, we are going to have to do some major modifications or remove the additional beaches that were added last year.

Funding is based on the US EPA's funding to Ohio. Sampling efforts should reflect what can be accomplished with the funding that is awarded.
