

Immunization Quality Improvement Program (IQIP)

How the Program Works...

An IQIP consultant will work with you and your staff throughout a 12-month cycle to:

- **Review immunization coverage rates.**
- **Set goals for your clinic.**
- **Assist in implementing tailored quality improvement strategies.**
- **Provide resources and help to reach your goals.**

**To participate or to learn more,
please contact:**

ODH Immunization Program at
(614) 466-4643 or Immunize@odh.ohio.gov.

246 N. High St.
Columbus, OH 43215

Interested in improving your pediatric
and adolescent vaccine coverage?

Consider participating in an Ohio Immunization
Quality Improvement Program (IQIP) cycle!

What is an IQIP?

IQIP is an immunization quality improvement program that uses evidence-based methods to assist and support health care providers by identifying opportunities to:

- **Improve vaccine rates.**
- **Decrease missed opportunities.**
- **Improve your immunization clinic workflow.**
