

2. Roles

Listed below are the roles and responsibilities of the ODH Perinatal Hepatitis B Workgroup:

1. The workgroup will share information pertinent to perinatal hepatitis B prevention with the LHD's.
2. The workgroup will provide feedback and insights to the ODH PHBPP. This will include updating the PHBPP manual and facilitating the communication process between the ODH PHBPP and LHD's.
3. The workgroup will remain LHD led and indicate the meeting schedules, topics, trainings, etc.

These roles may change, depending on the needs of the ODH PHBPP and the workgroup.
