Ohio TB Morbidity by County and Seven Major Cities, 2017-2021

Rates are shown per 100,000 population and were calculated using census estimates for that year, except for 2021 where 2020 estimates were used. 2017-2021 average rates were calculated by using the average number of cases and the average population from 2017-2020. Caution should be used when interpreting small numbers.
