	*Original total = 2,434. Nine people removed from NIC list (e.g., false positive). ^Ten people deceased.		*Original total = 1,522. Six people removed from NIC list (e.g., false positive). ^Eight people deceased.		*Original total = 1,473. Three people removed from NIC list (e.g., false positive). ^Six people deceased.		*Original total = 1,293. Eleven people removed from NIC list (e.g., false positive, duplicate). ^Twelve people deceased.		*Original total = 1,492. Ten people removed from NIC list (e.g., false positive, duplicate). ^Twenty people deceased.		*Original total = 1,149. Eleven people removed from NIC list (e.g., false positive, duplicate). ^Nine people deceased.		*Original total = 955. Seven people removed from NIC list (e.g., false positive, duplicate). ^Nine people deceased.	

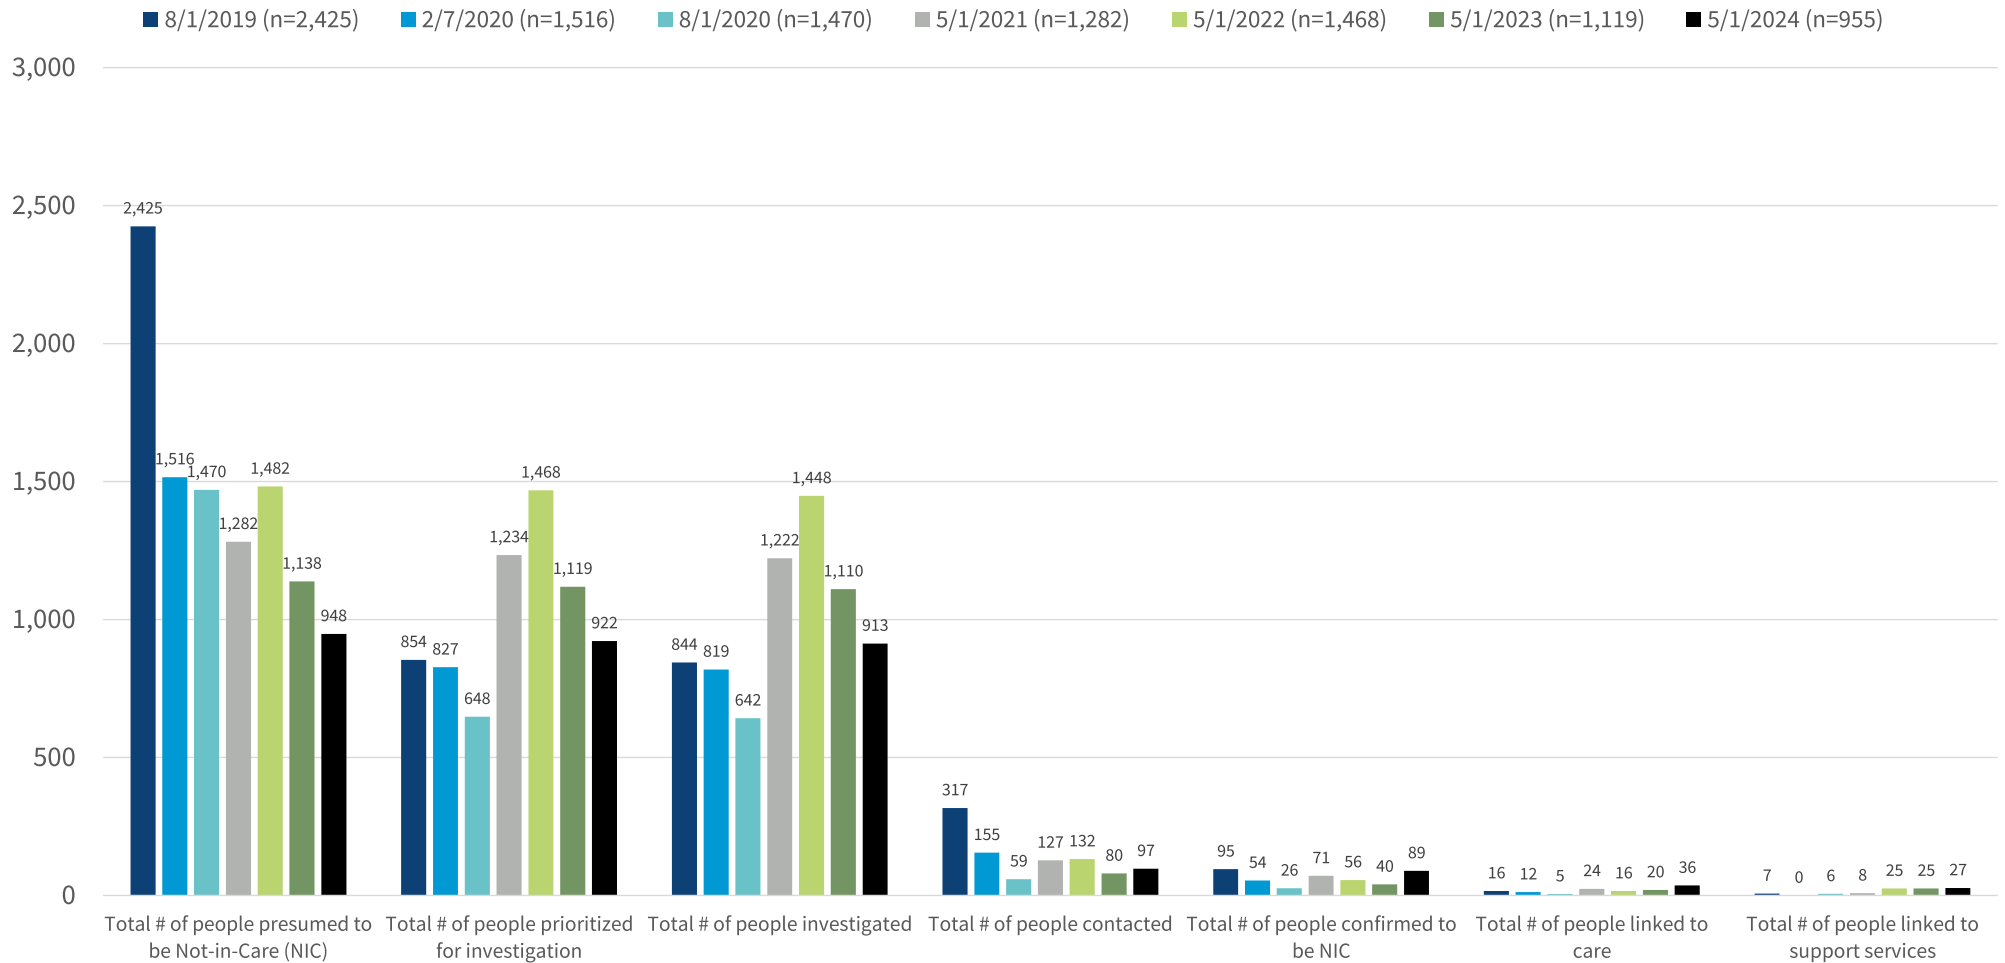

Notes:

08/01/2019 NIC list included people diagnosed with HIV in the last five years with no evidence of care in the past 12 months for Regions 1-10 and all people diagnosed with HIV with no evidence of care in the past 12 months for Region 11.
 05/01/21 NIC list included people diagnosed with HIV in the last 10 years with no evidence of care in the past 18 months for Regions 1-4 and 6-10, people diagnosed with HIV in the last 15 years with no evidence of care in the past 18 months for Region 5, and people diagnosed with HIV in the last five years with no evidence of care in the past 18 months for Region 11.
 NIC lists for all other cycles included people diagnosed with HIV in the last 10 years with no evidence of care in the past 18 months.

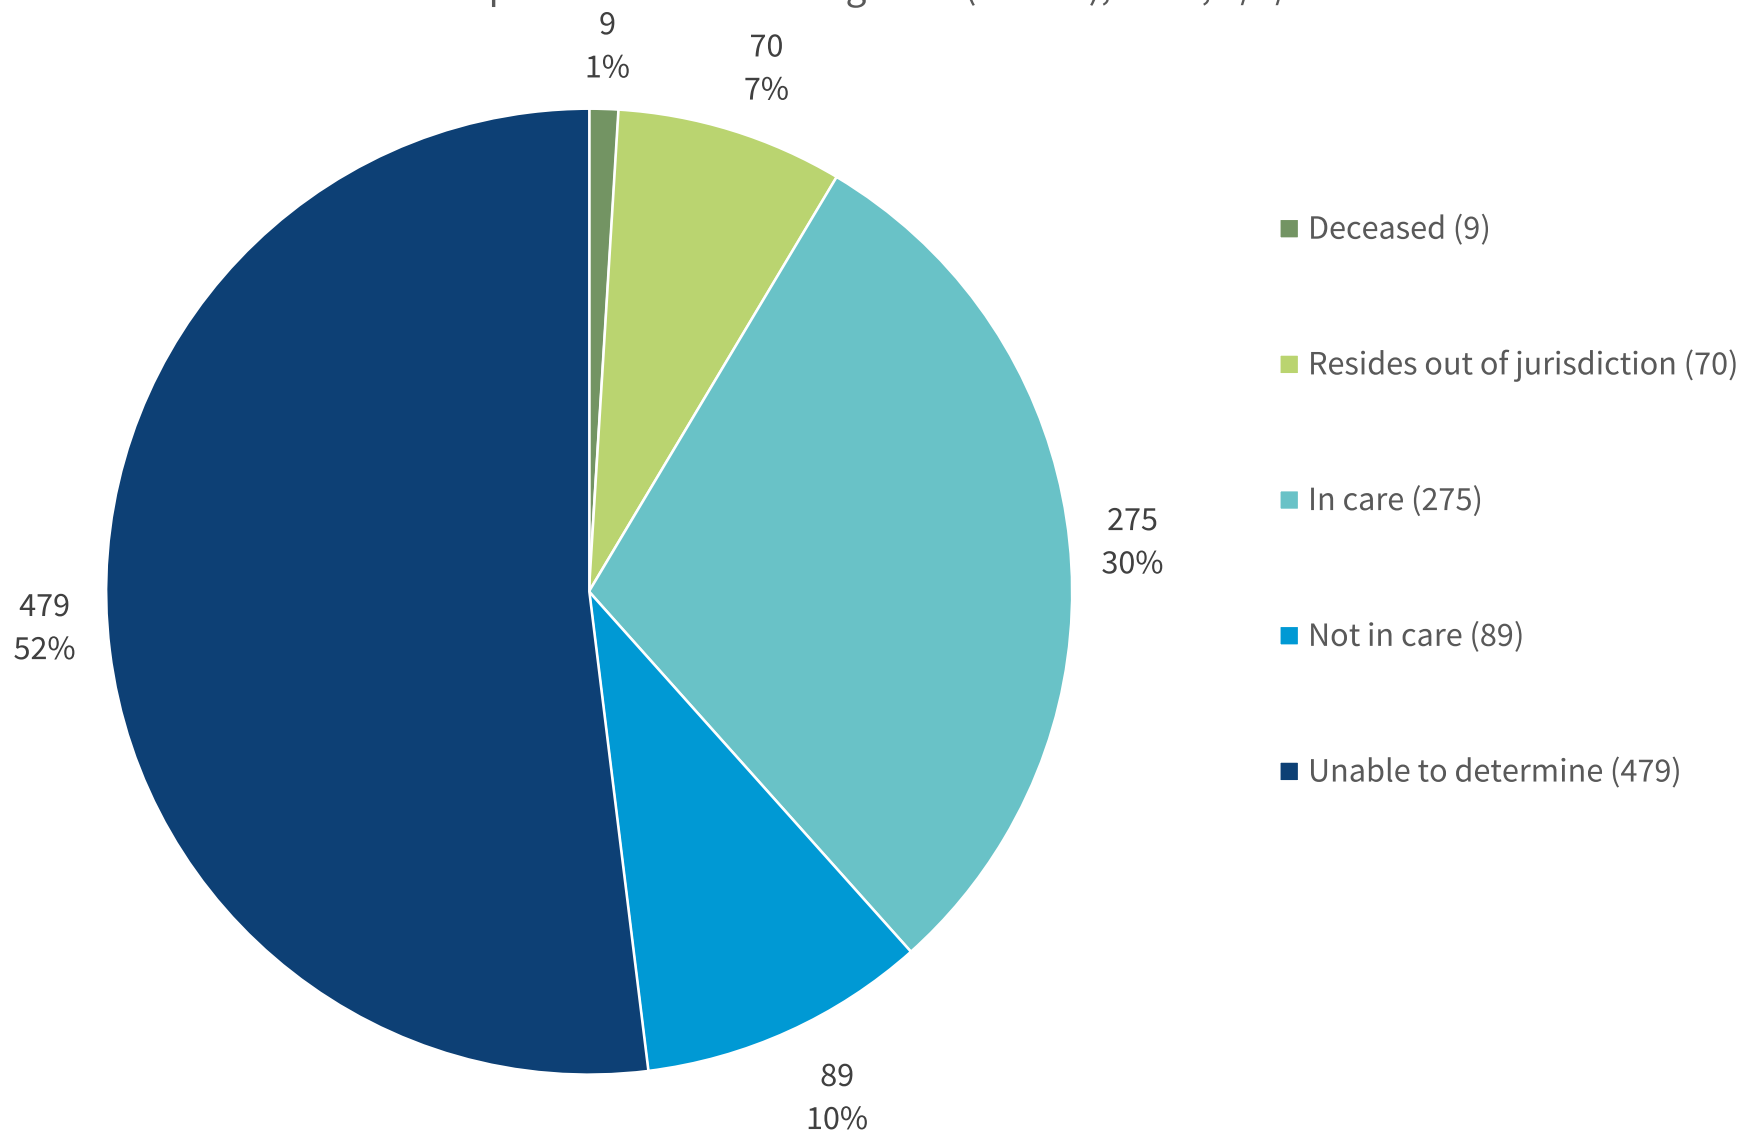

Data to Care Evaluation, Ohio

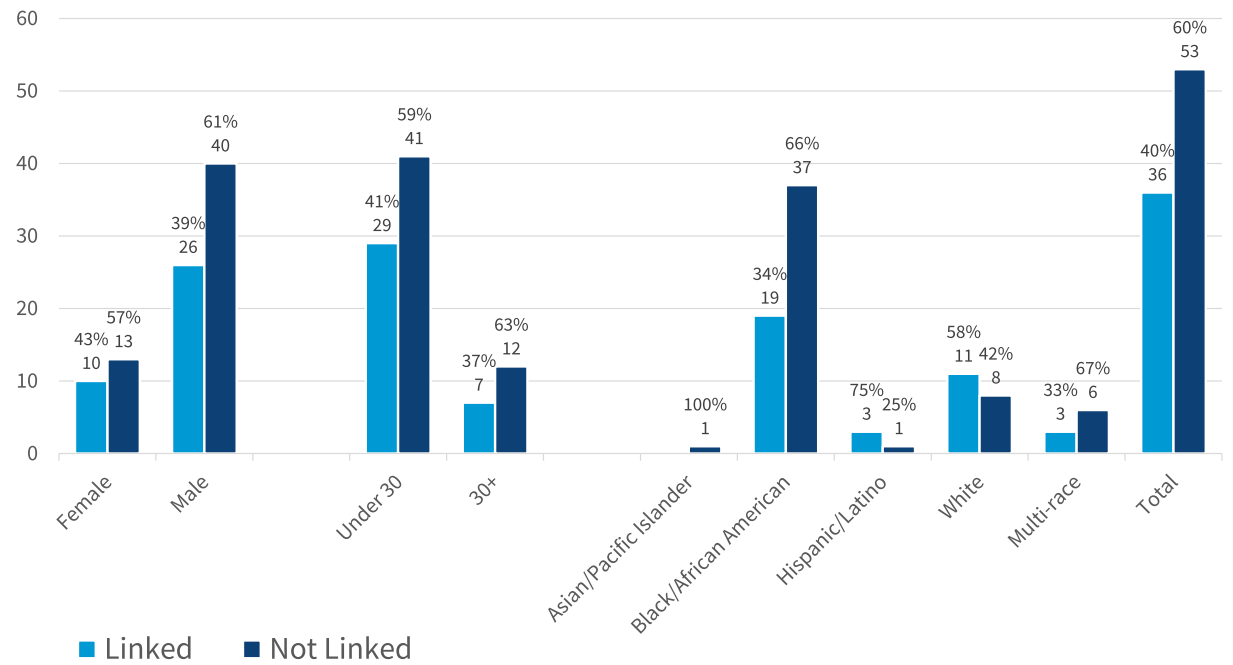

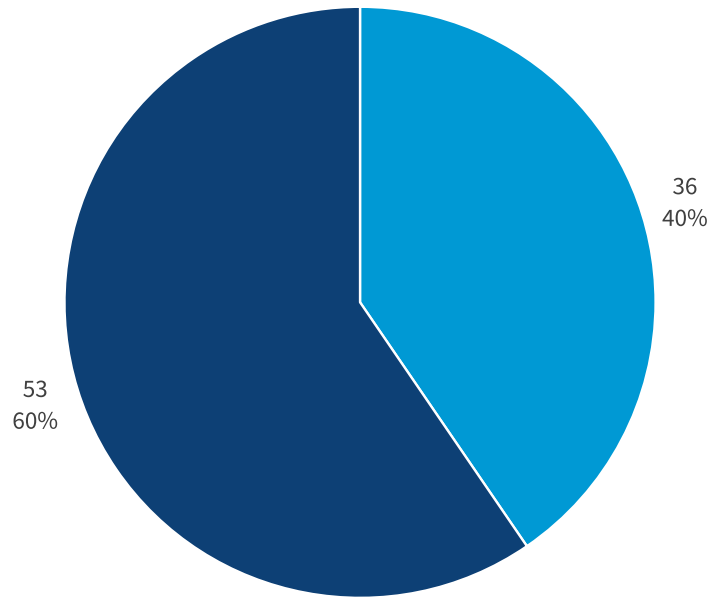

Data to Care Evaluation, Ohio

Persons prioritized for investigation (n=922), Ohio, 5/1/24

Persons confirmed NIC (n=89), Ohio, 5/1/24

Barriers 08/01/2019

Moved (n=8)	Transportation (n=3)	Homeless	Language, transportation
Contact methods (phone gets disconnected)		Medical insurance	Depression
Not comfortable with facility	Fear of recognition	Recently lost job	Financial
Rehab	Too busy	Heavy substance use, no transportation, mental health issues	
Socioeconomic factors, job loss, aging mother, alcohol use		History of and current substance use, transportation, repeated incarceration	

Barriers 02/07/2020

COVID-19 prevented doctor visits (n=2)	Knows people who work at facility		
--	-----------------------------------	--	--

Barriers 08/01/2020

Mental health issues (n=3)			
----------------------------	--	--	--

Barriers 05/01/2021

Insurance (n=6)	Mental health (n=6)	Substance use (n=4)	Homelessness (n=3)
Medical office/Provider (n=3)	Transportation (n=3)	Denial (n=2)	Language (n=2)
COVID (n=2)	Incarceration	Stigma	Intellectual disability
Privacy	Moved and unfamiliar with town	Commercial sex work	Makes too much to qualify for RW
Travel for job			

Barriers 05/01/2022

Transportation (n=6)	Insurance (n=5)	Mental health (n=4)	Housing (n=3)
Childcare (n=2)	Substance use (n=2)	Travel between two states (n=2)	Abusive relationship
Legal issues	Medical costs	Medication adherence	Moved
Needs case management			

Barriers 05/01/2023

Health Insurance (n=8)	Transportation (n=6)	Mental health (n=5)	Homelessness (n=4)
Time (n=4)	Moving (n=2)	Medication cost (n=2)	Healthcare literacy (n=2)
Appointment non-compliance	Denial	In jail	Medication side effects
No Primary Care Physician	Stigma	Unemployment	

Barriers 05/01/2024

Health Insurance (n=9)	Mental health (n=5)	Unemployment (n=5)	Health issues (n=4)
Medication cost (n=4)	Provider dissatisfaction (n=3)	Substance use (n=3)	Fear/Privacy (n=2)
Transiency (n=2)	Housing (n=2)	Childcare	Tired of taking medication
Transportation
