

Medicaid Covered Claims

- A provider must accept as payment in full amounts paid on claims by the Medicaid program of the Ohio Department of Job and Family Services (ODJFS) or a Medicaid HMO.
- When a child is actively enrolled on both the Medicaid and CMH programs, ODJFS must be billed directly for all Medicaid-covered services. CMH does not forward claims to ODJFS for Medicaid-covered services. CMH does not supplement Medicaid payment.
- Providers are responsible for following proper claims submission procedures. Also, providers must refund to CMH, within 30 days, any duplicate payment, overpayment or incorrect payment.
