

# Hearing Screening Survey 2021-2022

Please complete the survey below.

Thank you!

Welcome to the School Hearing Screening Annual Survey page for the 2021-2022 academic calendar year!

Please complete the report by June 1 even if you did not provide hearing screenings during the 2021-2022 school year (as mandated by section 3313.50 of the Ohio Revised Code).

Please read the following information carefully before proceeding to the survey.

This survey will take approximately 10 minutes to complete.

If you are entering information for multiple schools in your district:

Please complete one survey per school, NOT per district. Schools must be reported individually. For example, if there are three schools in your district, three reports must be submitted.

If you have more than one school in your building, please complete one survey per school.

Once you have entered information into the survey for one school, restart the survey and enter information for the next school.

Please be sure to click the "Previous Page" button at the bottom of the survey to go to the previous page. Clicking the back arrow in your internet browser will clear out the survey and return to the beginning page.

Please contact Public Health Audiologist Melissa Herrick at [Melissa.Herrick@odh.ohio.gov](mailto:Melissa.Herrick@odh.ohio.gov) or call at 614-466-1995 with any questions about this survey.

## Barriers to Screenings

If the number of children referred from your school in pre-school and K-12 grades screened does not match the number of referrals completed (Hearing Screening Referral Report or an OAE Hearing Screening Referral Report), in your opinion, please select barriers to follow up care or provide an answer in the other category.

- Caregiver non-compliance (the caregiver did not respond after multiple attempts to contact)
- Caregiver refusal (the caregiver specifically refused follow up treatment)
- Caregivers lack finances to complete referral
- Hearing Care Specialists not returning forms to schools
- Lack of hearing providers in the area
- The COVID-19 pandemic
- None
- Other

Please list other barriers or additional comments on barriers to completing referrals.
