

**The flu
is not just
a bad cold.**

**Know the
symptoms.**

Is it a cold or the flu?

Signs	Cold	Flu
Fever		<input checked="" type="checkbox"/>
Cough	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Sore throat	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Body ache		<input checked="" type="checkbox"/>
Sneezing	<input checked="" type="checkbox"/>	
Stuffy Nose	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Headache		<input checked="" type="checkbox"/>

The flu vaccine is the best way to prevent the seasonal flu.

Contact your healthcare provider or local health department to get your flu shot at little or no cost.
