

# Public Swimming Pools

List of Director approved colors

In accordance with the Ohio Administrative Code (OAC) rules 3701-31-02(G)(2) and (3) and 5.1(C)(1)(b) "the interior surfaces of pools and spas shall be painted white, unless the color is approved by the director."

This requirement became effective Jan. 1, 1999 and was revised effective April 1, 2011; and applies to new pools and spas as well as existing pools/spas that will be repainted or will receive a new finish. The colors listed below were submitted to the Ohio Department of Health (ODH) and have been approved. This list does not apply to primer colors. This list also applies to other colored finishes such as tile and pool/spa liners. This list may be periodically revised to add or delete colors. If you have any questions, please call the Public Swimming Pool Program at 614-644-7438.

This is not a comprehensive list: any color may be submitted by the manufacturer and be evaluated on a case by case basis. Black or dark lane markers and target marks are exempted from this requirement provided that they meet the standards of the appropriate governing body. Submittals may be sent to:

Ohio Department of Health  
Bureau of Environmental Health and Radiation Protection  
246 North High Street  
Columbus, OH 43215  
Attn: Public Swimming Pool Program

Any logos or other unique artwork proposed for the pool/spa bottom must be submitted to and approved by ODH. Contact the Public Swimming Pool Program for additional information about logo submissions.
