

Director's Journal Entry
Deferral of specific requirement found in O.A.C Rule 3701-28-18 (B)(1)(g)

Due to the ongoing situation with the COVID-19 pandemic, and the restrictions placed on holding continuing education trainings as a result thereof, and pursuant to authority granted to me in Ohio Administrative Code (O.A.C.) rule 3701-28-19, I hereby authorize private water systems contractors renewing their registration for the 2021 registration year to defer demonstration of meeting the continuing education (CE) requirement of O.A.C. rule 3701-28-18 (B)(1)(g). Contractors will be able to obtain their CE for 2021 registration renewal during 2020 or 2021. Contractors will still be required to obtain their CE for 2022 registration renewal during 2021.

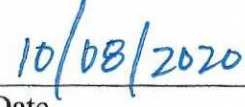

No other requirements for registration renewal are deferred.

I have determined that granting this deferral will not result in an undue hazard for the public's health and safety or have a detrimental effect on the environment. This order shall remain in effect until I withdraw it.

If you have questions regarding this waiver, please contact Rachel Townsend at Rachel.Townsend@odh.ohio.gov.
